Mayor's Report

Lewiston City has decided to go forward with our annual community picnic. It will take place on Friday Sept 11. We encourage all members of the community to participate. Although the incidence of Covid-19 appears to be minimal in Cache County at this time I encourage all to be mindful of your friends and neighbors and to follow the recommended safety practices to reduce the chances of infection. We want to share this meal with all in the community and if any feel uncomfortable about gathering in a large group please feel free to take it to your home. We will space the tables as much as is practical. The meal will be served throughout the allotted time frame so there is no need for everyone to come at once.

Our community has much to be thankful for. We are blessed that infection rates have been low and that for the most part we are able to continue our lives as normally as possible in these difficult and uncertain times. I want the citizens of Lewiston to know that I feel it a privilege and an honor to serve as your Mayor. We have a great community.

If you have any questions or have concerns, you may contact me at 435-770-4267 (if I do not answer please leave a message) or mayorfield@gmail.com.

Mayor Kelly Field

Points of Interest
