

# Lewiston City Newsletter

## August 2016

### Mayor's Report

Once again we had a successful celebration on July 4th. This event would not be possible without the many hours donated by our volunteers. Many hours are donated to bring this success and all of the events including the pancake breakfast, border run, parade, rodeo, activities in the park, quilt show, horse pulls, fireworks and others. This year we had expanded fireworks as the result of donations from our community. We thank all for their dedication and desire to bring our small community a world class event.

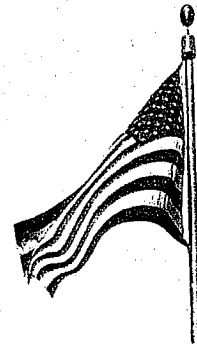

I also want to thank our city employees who year after year give their all to

bring this event off including forgoing a day off while many of the rest of us enjoy time with our family and friends. I'm sure all involved are already thinking and planning for next year.

On another topic Lewiston City has been able to make arrangements with the owner of approximately ½ acre located just south of the paved parking lot at the city park to make a small expansion of the park. The acquisition of this parcel will preserve park space and in addition there is a citizen group currently working to secure funding to build a possible tennis/sports court in that space.

As always I thank you for allowing me to serve as your mayor. If you have any topics you would like to discuss with me please contact me at (435) 258-2194 or [mayor-field@gmail.com](mailto:mayor-field@gmail.com).

Kelly Field, Mayor

---

### Concert in the Park

Round up your family and friends and meet us Monday, August 8 in the Church Park @ 7 p.m. for a fun Summer Concert in the Park with music provided by Lindon Olson.

Join us for a fun evening of entertainment, treats and friendship!
